

Brackets for 5G Honda Civic 92-95 Honda Access Optional "Gathers" Centre Map Light / Tweeters for:
 -- Hatchback or Coupe with sunroof (SR3 S/R), and
 -- Hatchback or Coupe without sunroof (SR3 N/R) (measurements taken directly from OEM bracket).

N.B.: Both this SR3 N/R bracket and the entire SR3 N/R tweeters setup should also fit Sedan without sunroof (SR4 N/R). In fact, I would not expect any difference in design between SR3 N/R and SR4 N/R, including the gasket. I would consider them effectively identical.
